

CHOLERA SPREADING

THE SCOURGE EPIDEMIC AT HAMBURG AND HAVRE.

THE UNITED STATES THREATENED.

Both Are Ports Which Have Frequent Communication With the United States and the American Consul at Havre Advises a Thorough Inspection of a Liner Due in New York Saturday.

HAMBURG, Aug. 24.—The ambulances of this city are insufficient in number to meet the demands made upon them through the outbreak of cholera. Yesterday seventy ordinance carriages were utilized for the conveyance of cholera patients. Thirty-five persons have died of cholera. Some of these died within an hour after being stricken with the disease and all the others died within six hours.

Newspaper reports differ widely regarding the number of cases of cholera in this city. The Nachrichten says that so far there have been 300 cases and 120 deaths, sixty-five deaths occurring to-day.

Patients as soon as reported are quickly taken by a conveyance to the hospital cholera wards. People living in the streets through which the conveyance passes shut the doors and windows of their houses until they think the danger of contagion is past. The dead are taken to the morgues, and the houses in which patients are found are carefully disinfected. Regulations and instructions for the people are publicly placarded throughout the city. Several deaths have occurred at Altona. A thunder storm passed over the city last night making the weather cooler.

THE UNITED STATES THREATENED.

The Dread Scourge in Havre May Spread to this Country.

WASHINGTON, Aug. 24.—Consul Oscar Williams at Havre reports an epidemic of Asiatic cholera at that place, with many deaths, and advises an inspection of the fast liner La Touraine, due in the United States Saturday, August 27th.

These facts have been promptly communicated to the health officers of Staten Island and every precaution will be taken by them in the matter, especially in view of the fact that the epidemic has now reached two of the most important ports in Europe with which the United States has direct communication.

Although no real fear that the cholera will reach the shores of the United States is expressed by the authorities of the treasury department, they are taking all precautions deemed necessary to prevent its introduction. Circulars have been issued to customs officers directing the disinfection of baggage from cholera infected ports. Assistant Secretary Spaulding was in conference yesterday with Dr. Austin, who is acting surgeon general of the marine hospital service, in regard to further precautionary steps. The health officers at the ports of New York and Baltimore have been advised formally of the existence of cholera at Hamburg and Havre, as were also the immigrant officers at those ports. Mr. Spaulding is also in communication with the agents of steamship lines looking to the adoption of some system of disinfection of the baggage of emigrants before embarking for the United States.

Thousands of Persians Dying.

TEHRAN, Aug. 24.—A dispatch from Reshd, in the province of Gilian, states that every day hundreds of persons are dying there from cholera. Reshd is a very unhealthy place and sanitary methods are unknown. The population of the town is about 20,000. Most of all the imports are from the United States.

A new disease is ravaging in Enselie. It causes swellings on the body and face and the mortality resulting from it is very heavy. The same disease is causing many deaths at Ardabell, a town of 12,000 inhabitants on the Karz-Soo river. Both towns have been isolated.

Belgium Free From Cholera.

BRUSSELS, Aug. 24.—It is officially announced that there is not a single case of Asiatic cholera in Belgium. All the suspicious cases so far reported were merely cases of cholera nostras.

Will Try to Resuscitate Taiton Hall.

JOHNSON CITY, Tenn., Aug. 24.—The day for the execution of Taiton Hall, the noted murderer, who is purported to have killed ninety-nine men, is next Friday between the hours of 10 and 3 o'clock at the Wise court house, Va. The sheriff has commenced the erection of the scaffold, and the death watch has been put over Hall. His friends are now collecting in the mountains with Winchester and swear that he shall not be hanged, and that they will release him if all of them are killed in so doing.

Mrs. Harrison's Health.

WASHINGTON, Aug. 24.—Advice received at the White house from Loom Lake state that Mrs. Harrison is steadily improving. Her recovery is gradual, but each day shows some gratifying change.

Memphis Plumbers on a Strike.

MEMPHIS, Tenn., Aug. 24.—The plumbers of Memphis went on a strike yesterday. They demand that the foreman do no work, interfere in no way with the tools, but merely superintend affairs.

LACKAWANNA MEN OUT.

They Were Satisfied With Their Wages but They Struck Out of Sympathy. BUFFALO, N. Y., Aug. 24.—One hundred and fourteen switchmen struck yesterday in the yards of the Lackawanna and the Buffalo, Rochester and Pittsburgh. Thus in two week past switchmen have struck in all the yards centered here. The Lackawanna was temporarily crippled, though it is said to have near at hand recruits enough to man her switches. The Lehigh and Erie equalled Monday's traffic and the Central and West Shore with new business exceeded their movements Monday. The Lake Shore handled its business, and the Nickel Plate was nearly normal.

Shortly after the tie up of the Lackawanna the switchmen waited upon Superintendent Seibert and offered their services to protect the company's property. They were willing to be sworn in as special patrolmen and patrol the Lackawanna yards until the present difficulty was settled. Mr. Seibert replied that he did not think the company would require guards, military or otherwise and thanked the men for their offer. The Lackawanna men have no grievance but struck purely out of sympathy.

Three attacks were made by strikers on the pickets and nonunion switchmen yesterday. The attack made on the picket lines of the Twenty-second regiment of New York stationed at the Tift farm, by forty strikers, will probably result fatally to one of their number, Thomas J. Manahan of No. 18 Tennessee street. About 5 o'clock Manahan in company with Thomas O'Laughlin, Bernard Dunn, Patrick Madigan and William Cotter, began throwing stones at J. M. McGuiken and Charles Gable, nonunion men who were working in the Tift farm yard and were shot by the militiamen.

Scattering shots were made by pickets in various yards last night but there has been reported no organized assault by strikers, nor any concerted movement by troops upon those who hang along the picket lines, causing such annoyance as they can with safety to themselves.

LABOR'S FRIENDS IN SESSION.

Meeting of the Missouri Farmers' and Laborers' Union.

MOBERLY, Mo., Aug. 24.—The state convention of the Federated Labor union assembled at the court house yesterday morning and was called to order by President Pierce Hackett. The officers present were J. Waller Long, secretary; T. V. Hickox, treasurer; J. F. Wilhott, sergeant-at-arms; William King, chaplain, and executive committee men Joseph Miller, S. C. Books and L. Wollard. About fifty delegates and as many visitors were in their seats when President Hackett read his annual address, at the conclusion of which the convention adjourned till 1:30 p. m.

Little business of importance was transacted at the afternoon session. The usual committees were appointed after the committee on credentials had reported that there were no contests. Standing committees were all granted further time. When adjournment was made till 7 p. m. there were about one hundred delegates present, representing eighty-three counties. At 7 p. m. Mayor J. W. Ragsdale, on behalf of the city of Moberly, delivered a brief but cordial address of welcome. General J. B. Weaver, People's party nominee for president of the United States, was the next speaker. Every seat in the court house was filled when General Weaver arose and he was greeted with enthusiastic applause. He held his audience well and presented the case of his party in its most fascinating colors.

RECEIVER APPOINTED.

Iron Hall Affairs Out of Its Officers' Hands—Supreme Sitting Censured.

INDIANAPOLIS, Ind., Aug. 24.—The Iron Hall is now in the hands of a receiver in the person of James F. Failey, a well known manufacturer of this city. The inevitable end came late yesterday afternoon.

Judge Taylor took occasion to severely criticize the supreme officers. Judge Taylor said he would fix the bond at \$750,000, remarking that "that would cover the amount of assets in Indianapolis, for, if I am any judge of human nature, he will never realize five cents on the dollar from the Philadelphia affairs." Judge Howe was granted ten days to file a bill of exception.

THE MESSIAH DANCE ON.

Trouble With Redskins in the Indian Territory Apprehended.

GUTHRIE, Ok., Aug. 24.—Deputy Marshal Lilly came in yesterday morning from Otee, near Ponca, bringing in nearly a score of Indians. Lilly states that the entire Otee tribe is at their camp dancing the Messiah dance, and that recently they were joined by the Iowas, Poncas, Osages and other small neighboring tribes. The dance is on in earnest and considerable anxiety is manifested by the whites in the neighborhood that the continual dancing will lead to something worse.

Dismissed by the Pope.

ROME, Aug. 24.—Great excitement has been caused by the dismissal of Cardinal Ruggiero, prefect of finance of Propaganda, who has been looked upon by many as the probable successor of Pope Leo XIII. It is said that the pope himself ordered Ruggiero's dismissal, being convinced as a result of inquiry that Ruggiero and not Monsignor Folchi was the guilty party in connection with the misinvestments, to use a mild term, for which Monsignor Folchi was dismissed from the papal service about one year ago.

TELEGRAPHERS TO ORGANIZE.

Operators of the Country Will Meet in Kansas City September 2.

NEW YORK, Aug. 24.—A call to the commercial telegraphers of the United States for a meeting of representatives in Kansas City, September 2, to form an organization, has been issued: T. O'Reilly, who took so active a part of the great telegraphers' strike in 1883, and who is now an assistant editor of the Knights of Labor Journal, is conferring with New York leaders on the subject. O'Reilly said that a meeting was held in Philadelphia Sunday, at which delegates were elected to attend the convention at Kansas City, and that meetings were held on the same day to discuss the subject and elect delegates in New York; Boston, Jersey City, Pittsburgh, Baltimore, Richmond, Nashville, New Orleans, Cincinnati, St. Louis, Chicago and other cities. Local unions have been formed in twenty-seven cities already, and after the convention six commissioned organizers will be put in the field.

A Generous Employer.

HARTFORD CITY, Ind., Aug. 24.—At the recent accident here at the glass works, four of the five men killed were married. Alexander Moore leaving a paralytic wife with three children. The contractor, J. V. Smith, was away at the time, but returned at once, saw the dead were properly cared for and buried, sought out the widow and orphans and supplied them every want and to make them comfortable in the future gave to each widow \$1,000, and placed them upon the payroll.

Charged With Counterfeiting.

WEST PLAINS, Mo., Aug. 24.—J. P. Bramhall and H. T. Bramhall, of Wright county, were arrested yesterday morning for counterfeiting and brought before the United States commissioner at this place. They waived examination, and in default of bail were sent to the county jail to await the action of the federal grand jury.

Amunition from Georgia.

ATLANTA, Ga., Aug. 24.—Governor Northern, on the application of Governor Buchanan of Tennessee, has furnished Tennessee with 80,000 rounds of ammunition. This interchange of warlike courtesies is likely to become a subject of debate in the state.

Killed by the Teacher.

A Wharf Goes Into the River.

NEW ORLEANS, Aug. 24.—Early this morning the wharf at Southport, the property of the Louisville, New Orleans and Texas railway, caved into the river, carrying with it the warehouse and contents. The house was 300 feet long and built on piles.

Kansas Alliance Flour for Strikers.
